

SPECIAL MEETING OF THE ELECTORS – SEPTEMBER 12, 2017

MEETING HANDOUT

TOWN ROAD IMPROVEMENT PROJECT VOTING UPDATE

The vote on the Town Road Improvement Project at tonight's meeting has been changed from an approval vote to an advisory vote.

The reason for the change is the approval of the tax levy above and beyond the legal limit can only occur as part of the approval of the annual budget during the regularly scheduled annual budget meeting and special meeting of the Electors, the date of which has yet to be determined.

The decision to keep it on the agenda as an advisory vote at tonight's meeting was made for two reasons:

1. To give you, the electors, one more chance to provide input as to the planned direction of the Road Improvement Project.
2. To answer to any outstanding questions you may have.

The final vote on the road improvement project recommendation will still come from, you, the electorate. Due to State statutes, however, it cannot occur tonight.
