Saturday 7:30 am to 12:00 pm

NEW RECYCLING PROGRAM

It is now easier for you to recycle. No longer do you need to sort your recyclable items. We have added a second compactor. You can co-mingle ALL recyclables and simply place them in the "Recycling" compactor. This includes paper, books, cardboard, aluminum cans, glass, PETE (1) plastic containers and HDPE (2) plastic containers.

Please **DO NOT** put plastic bags in this compactor. We encourage you to place your recyclables into a garbage container and simply pour these items into the compactor. Another method you can use is to simply put your recyclable items into a paper bag or cardboard box and place the entire container into the bin. If you have your recyclables in a plastic bag, please empty it and then throw the bag into the garbage compactor. Plastic bags need to be manually removed at the processing center.

All garbage needs to be put in the "garbage compactor" in "Boulder Junction" garbage bags.

Large metal items need to be placed in the metal bin, which is available during summer hours.

Thank you for your cooperation
